

Habitat Lab Summer Maintenance Checklist

Thank you for helping us take care of our Habitat Learning Lab! Here are some Quick Tips:

- ❖ If it has not rained in the last 3 days, please water everything thoroughly for at least 20 minutes.
- ❖ The bird food is in the shed. Please use the antibacterial wipes to clean any surfaces that the birds touch with their feet or face.
- ❖ You can use the hose and scrub brush from the shed to clean out the birdbath. Please fill it with water after you've cleaned it.
- ❖ Scan the plant ID signs to help you identify the plants versus the weeds. Remember...a weed is simply a plant in a place in which it should not be.

Week #1: Dates - Volunteer Name, Cell #, Email Address

Week #1: Day 1		Week #1: Day 2		Week #1: Day 3	
<input type="checkbox"/> Did it rain today for at least 20 minutes? If yes, then you don't have to water the plants.		<input type="checkbox"/> Did it rain today for at least 20 minutes?
