

# Comparing Life Cycles

(ASSESSMENT #1)

Name: \_\_\_\_\_ Date: \_\_\_\_\_

Choose an animal native to Alabama. Research the species using a field identification guide like the National Audubon's Field Guide to the Southeastern States or Outdoor Alabama's Watchable Wildlife website. Draw a picture of it and record its characteristics below.

Name of Animal: \_\_\_\_\_

\_\_\_\_\_

## Characteristics & Observations

Number of Legs: \_\_\_\_\_

Covering (circle answer):

Bumpy Skin Fur  
Feathers

Number of Eyes: \_\_\_\_\_

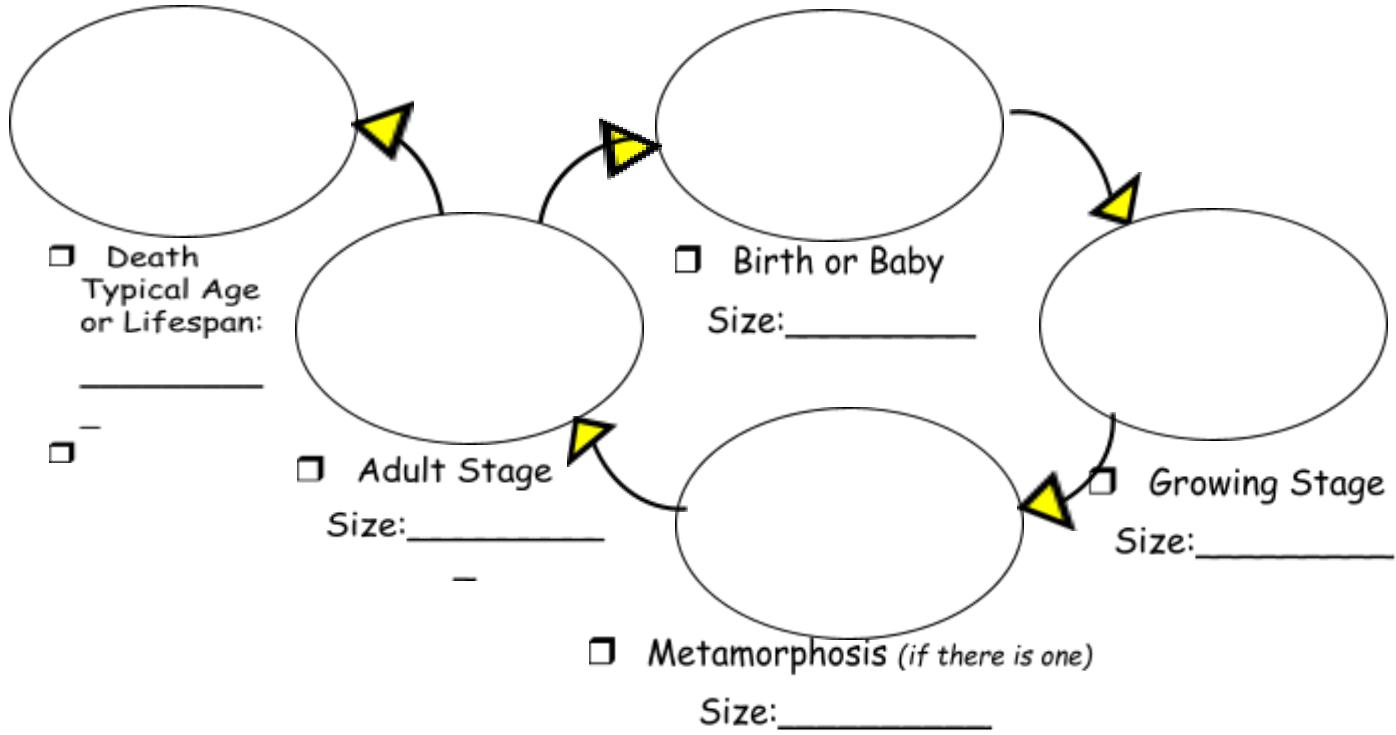

Scales Smooth Skin

Wings (circle answer): Yes  
No

Colors: \_\_\_\_\_

Size: \_\_\_\_\_  
\_\_\_\_\_

Research the animal's full life cycle. Then describe and draw its life cycle stages below.

How is your life cycle similar to this animal's life cycle? \_\_\_\_\_
