

Food Chain Assessment

Name: _____ Date: _____

Research an animal that you would like to find in your habitat lab, and answer the questions below.

1. Name of Animal that you would like to find in your habitat lab: _____
2. What does this animal eat? _____
3. What might eat this animal? _____
4. Draw a food chain in the boxes below that includes these three organisms (plants/animals) from above. Be sure to include the sun and a decomposer as a part of the food chain.

(A)	(B)	(C)	(D)	(E)	(F)
-----	-----	-----	-----	-----	-----

Identify the source of energy/organisms (1st blank) and the different trophic levels (2nd blank) of your food chain below.

5. The (A) _____ is the original source of energy in the above food chain.
6. The (B) _____ is a _____ in the above food chain.
7. The (C) _____ is a _____ in the above food chain.
8. The (D) _____ is a _____ in the above food chain.
9. The (E) _____ is a _____ in the above food chain.
10. The (F) _____ is a _____ in the above food chain.
